Swivel Belt Clip Kit for Ascom 9p23 Handset

Overview

Ascom Wireless Solutions Inc. (AWS) is pleased to announce the availability of a swivel belt clip for the 9p23 handset. This swivel belt clip can be attached to the 9p23 Medic or Messenger handset providing a secure mechanism for carrying the portable telephone. The swivel functionality allows the handset to actively move on a pivot for ease of use or when accidentally hit against another object around the workplace. The knob can fit a majority of belt clips available allowing the customer to purchase additional belt clips from a local source.

The Swivel Belt Clip (plastic) Kit is comprised of the following components:

- Metal fork
- Belt clip with knob
